

1. From the Desktop of your computer go to the "Go" menu at the top
2. Hit "Connect to Server"
3. Be sure "10.3.0.17" is entered into the Server Address box and then hit "Connect"
4. Type in your username and password
5. Highlight your account name and hit "OK"
6. A window will pop up with all of your files saved on the server.
